This diagram illustrates the exploded view of the upper and lower tool housings of a power tool. The upper housing (top) includes components such as the main housing (1), trigger switch (4), and various internal parts (2, 3, 8, 9, 10, 11, 12, 13, 14, 15). The lower housing (bottom) shows the internal mechanism, including the trigger switch (17), various internal components (18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28), and the trigger switch (21). The diagram uses numbered circles to identify individual parts and lines to show their assembly locations.
